

**Liberal Arts and Sciences, een
inspirerend model van
doorgedreven integratie**

Bob

Bob wil later werken bij een zorgverzekeraar op de afdeling die beslist of nieuwe, zeer dure geneesmiddelen vergoed moeten worden.

Anne

Anne wil later onderzoek doen naar de impact van de pest in de 12e eeuw op landbouwproductiviteit, om daarmee voorspellingen te doen voor het post-covid tijdperk.

Richard

Richard werkt bij de belastingdienst. Hij moet een algoritme ontwerpen dat fraude op kan sporen zonder te discrimineren en dat rekening houdt met de sociale omstandigheden en culturen van minderheden.

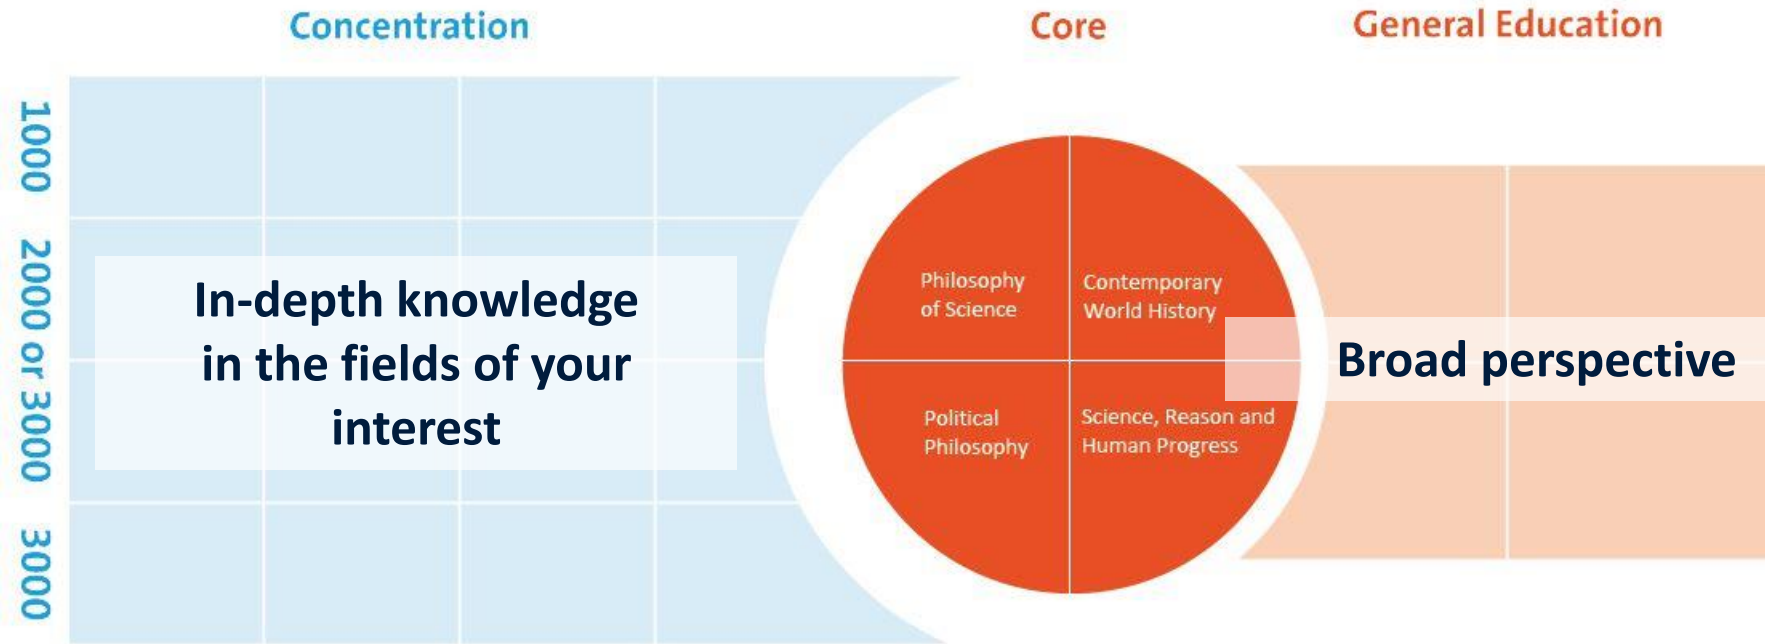

What is UCM?

- Liberal Arts & Sciences Honours College of Maastricht University
- 3 year bachelor's programme taught in English
- Interdisciplinary & open curriculum
- Problem-Based Learning (PBL), small-scale
- Vibrant international community

UCM Curriculum and study objectives

Capstone

The 'capstone' is a special project you do in the semester before you graduate. You finish this project with a thesis in which you deal with a topic that requires you to use all the knowledge and skills you acquired at the College. An expert in your field will act as your supervisor. Your capstone is your academic calling card when you apply for a master's program after graduation.

Obtain in-depth knowledge in your fields of interest

Concentration

- Social Sciences
- Humanities
- Sciences

16 academic courses in 3 years

- 1000>2000>3000 level courses
